# A Альфа·Банк

**ALFA BANK**

Alfa-Bank introduced a savings account that rewards customers for taking physical exercise. For every step they take, the bank will transfer between 1 and 50 Russian kopeks from their existing account into the high interest savings account not otherwise available.

07:37

7:37am

Traffic is still slow on the B158.  
Your driverless car will arrive in 5 minutes.

# YANDEX.TAXI

Yandex.Taxi introduced two driverless cars to Innopolis. Residents could book the vehicles to travel between residential areas and the business center, university or sports stadium.

# GOLDILOCKS

Linked to a smartphone app, Goldilocks' sensors track heat, light and noise. Users enter their working preferences and are then directed to the place that best fits the criteria.

A small bundle of joy, a lifetime of love, someone to care for you in your old age... but a new baby will be one of the most expensive investments you'll ever make. Of course, babies normally come free in the first place, but very soon the expenses follow.

# The **first** debit card designed for **parents**

**STORKCARD**

StorkCard uses AI to predict future expenses and helps prepare you by creating savings goals. The card offers cashback rewards with family & baby retailers and allows to share the cost of big purchases with family & friends.

Good evening Tina,

☁ 17°C, 10:27pm

Today has been a good day.  
You're ahead on both your health and career goals, keep it up.  
Tomorrow is reasonably clear aside from a client meeting at 2pm.
